

## EYE ON WATER

### Monitor Your Water Usage Online

With the Village's **new water meter reading system**, residents are now able to sign up for an online water usage tool called **Eye on Water**.

Eye on Water allows you to conveniently view and monitor your water usage from your computer or mobile device.

---

### What Is Eye on Water?

Eye on Water is a free online service that allows residents to:

- View water usage information
  - Track water use over time
  - Identify unusual water use that may indicate a leak
  - Better understand daily and monthly water consumption
- 

### How Can I Access Eye on Water?

Eye on Water is available in **two formats**:

- **Web Version** – Access through an internet browser on a computer or tablet
- **Mobile App** – Available for download on smartphones

Residents may choose to use **either option or both**.

---

### Creating an Eye on Water Account

To create an account, you will need:

- Your **water utility account number**  
(*found on your utility bill*)
- A valid **email address**

Follow the on-screen instructions to complete your registration.

---

## Helpful Learning Resources

There are many **instructional videos on YouTube** that explain:

- How to create an Eye on Water account
  - How to use the web version and mobile app
  - How to better understand and manage your water usage
- 

## Why Use Eye on Water?

- ✓ Convenient access to water usage information
  - ✓ Helps detect possible leaks early
  - ✓ Encourages efficient water use
  - ✓ Available anytime, anywhere
- 

## Questions or Need Assistance?

Please contact the **Village Utility Office** if you need help or have questions about your account number.
